

Home Improvement!

“Firming Up” the Foundation!

In Phase one we looked at bringing in the wrecking ball. In order for you and I to be the temple that we are called to be, we must eliminate some attitudes from our lives. We cannot merely stop with getting rid of some bad things, we must replace them with good.

In order for us to truly have a “Firm Foundation” we must have a firm conviction about several things. Let’s begin our study.

Phase
two!

We Must Have A Firm Grasp On The Bible!

Scripture: 2 Timothy 3:16-17

- We must understand that the Bible is from God (2 Tim 3:16-17)
- We must understand that the Bible is truth (John 17:17)
- We must understand that the Bible is living (Hebrews 4:12)

We Must Have A Firm Grasp On Christ!

Scripture: 1 Corinthians 11:1

- Christ is a man of compassion (Matthew 9:36)
- Christ is a man of conviction (Matthew 21:12)
- Christ is one who demands action (Luke 9:23)

We Must Have A Firm Grasp On Our Responsibilities!

Scripture: Mathew 7:21

- We have a responsibility to worship (Hebrews 10:25)
- We have a responsibility to look after one another (Galatians 6:1-2)
- We have a responsibility to look evangelize the world (Matthew 28:18-20)

Challenge!

1. Start a good habit: spend 15 minutes every morning in Bible reading and prayer.
2. Look for someone who needs compassion this week and reach out.
3. Make worship a priority, not a routine.
4. Call someone this week who hasn’t been in Bible class recently, and tell them that you miss them.
5. Ask one friend to study God’s Word with you this week.

Discussion:

1. What does the Bible mean when it says that the Word is “living and active?”
2. What are some examples of people in scripture who had a firm foundation? What made them so strong?
3. Who are some people you know in the church that have a strong foundation? What makes them strong?
4. How does your foundation in Christ measure up to theirs? How can you improve?
